TECHNICAL & REGULATORY

MISSION STATEMENT

-  Advocate the contribution of the digital technology industry to competitiveness and growth in the European Union
-  Represent our member companies in the formulation, adoption and implementation of EU public policy, legislation and regulation
-  Promote the interests and corporate social responsibility of the industry in the light of EU regulatory policy
-  Issue and contribute to statements and opinions on industry issues to national, European and international governmental bodies and institutions
-  Speak on behalf of the industry with EU institutions and governments, the media, and other organisations where relevant

MEMBERSHIP BENEFITS

-  DIGITALEUROPE works on issues that have a direct impact on the bottom line of companies
-  DIGITALEUROPE is well known and respected by policy makers in the European Union as the leading body representing our sectors
-  DIGITALEUROPE speaks with one voice, a prerequisite when dealing with the European institutions
-  DIGITALEUROPE is the primary platform for its members to share information, expertise and warnings
-  DIGITALEUROPE draws its information and expertise from more than 900 technical, legal and policy experts participating in the policy debate which takes place with the four policy groups
-  DIGITALEUROPE offers access to a large number of contacts through its distribution list system
